

# Westfield State University

## Human Resources

### Employee Recognition

Congratulations to the following faculty and staff who have been recognized by a member of our campus community for strengthening our institutional culture and modeling WSU values.

#### **Meho Hodzic**

##### ***Environmental Services***

I just want to shout out Meho Hodzic the amazing late afternoon third floor maintainer in Scanlon. He consistently does his job with an attention to detail and a warm smile. He is hard-working, helpful and kind. This week he went above and beyond as he welcomed Kappa Delta Pi students as they worked on a campus event. Students arrived early to work on their project. Meho realized they were working on the floor and showed them to a place with tables and offered to help in any way he could. Meho also reached out to let me know of a better place to meet in the future as he saw the group had grown.

In reaching out to thank him, Meho humbly replied, "It's all for the students. That's why we are all here." Meho exemplifies all that is good about Westfield and offers a wonderful reminder that we are all here for the students. He is one of the many people who make Westfield a great place to be.

#### **Antonio (Tony) Figueroa**

##### ***Procurement and Administrative Services***

Tony went above and beyond for the library to produce our newest READ Poster. There had been delays because of equipment repairs and issues with the sizing from the image file. Tony was incredibly responsive and collaborative, even walking over to show us his concerns with the original printing and discuss our options. We're looking forward to working with Tony again on future posters and other promotional materials for the library.

#### **Sara Jaber**

##### ***Admission***

I would like to recognize Sara Jaber. She has just started in the admissions department this year in August and has already hit the ground running. She is currently using her tremendous interpersonal skills and own experiences to be a leader and staff advisor for WSU's Muslim Student Association. She is currently working to confirm and establish a culture of tolerance and equity on campus and is incredibly dedicated to our students. I am very proud of her as her colleague and friend.
