Employee Recognition

Congratulations to the following faculty and staff who have been recognized by a member of our campus community for strengthening our institutional culture and modeling WSU values.

Louis (LJ) Gamelli & The Trades Team **Trades**

LJ is always willing to have open, honest, and professional communication and dialogue about facility needs and repairs in Dining spaces. He goes above and beyond to be a partner on campus with Dining and to accept Dining as a part of the WSU Community. It has been refreshing to have such an awesome partner in Trades to ensure that our operations are functioning at the best level possible to ensure we can deliver a great program to our students and the entire WSU Community. His leadership in directing the entire Trades team and assigning jobs in an efficient manner is stunning and his level of trades knowledge and institutional understanding is supreme in achieving a smooth operating campus. We have also noticed that his leadership has created a moral improvement with the members of his team and their willingness to partner with Dining. This is a great sign of his supervisory modeling of the WSU Mission, Vision, and Values. Kudos to LJ and the entire Trades team! We are so excited that our departments can partner together as equals to achieve some amazing results! Synergy, respect, and collaboration at its best.

Sergey Kononchuk **Information Technology Services**

I wanted to say a special thank you to Serge for his responsiveness and extremely helpful in-person services getting my computer equipment setup or problem solving issues I experience. I really appreciate his level of support and getting to see him in action. He always teaches me something new and makes my work life easier. Thank you Serge!

Human Resources would like to thank the above individuals for their role in the Employee Recognition Breakfast.
